

# Corporate Barter Solutions Dollar Program

What Is A CBS Dollar?  
How Does It Work?

A CBS Dollar is a form of payment that can be used with other CBS members. Many retailers, restaurants, bars, salons and spas prefer to accept CBS Dollars rather than "calling in for authorization" on their client purchases.

CBS Dollars are bought by members and used to pay for their purchases at members accepting CBS Dollars.

This is a convenient way for both the buyer and the seller to do business!

It is also simple and convenient for the merchant to redeem their CBS Dollars into their account. Just fill in the CBS Dollars Deposit Ticket, place the dollars in the self addressed envelope and drop in the mail.
